Scaffold Parts and Accessories

NU-WAVE
SCAFFOLDING SYSTEMS

Guardrail Kits and Toeboards

For your safety, always use guardrails at any working height. They are recommended equipment when using any scaffold. Toeboard brackets permit you to install toeboards to help prevent workmen from knocking material off the scaffold, or accidentally stepping off. Use toeboards any time the platform height is 10 ft. or more.

Product #	Model #	Description	Ship Wt.
48660	GK-6	Guardrail Kit—6 ft. Scaffold 2-GR2&2-GR6	68
48690	GRE-2C	Guardrail End (with Chain Midrail)	13

Mini-Scaffolds

Model SU-4

4 Ft. Step-Up® Portable Mini-Scaffold

With its sturdy 1" O.D. tubular construction, 500 lb. load capacity and 50" height, the SU-4 is perfect for all low ceiling jobs. The SU-4 comes with 5" INDY All Brake Casters which permit 360 degree wheel rotation for ease of movement. Folds down to just 22" wide.

Prod#	Description	Load Cap	Ship Wt.
48035	4 ft. Step-Up Mini-Scaffold with 4 #PC54B-S" all brake casters 51.5" high x 48" long x 22" wide	500	70

Model SU-5

5 Ft. Step-Up® Portable Mini-Scaffold

Throw away those bulky, shaky ladders, A-frames and planks! Whatever job you're up to, the SU-5 will help you do it faster, safer and easier. The SU-5 is adjustable to four convenient working heights, has a 600 lb. load capacity, and features INDY All Brake Casters.

Prod#	Description	Load Cap	Ship Wt.
48037	5 ft. Step-Up Mini-Scaffold with 4 #PC54B-S" all brake casters 61.5" high x 56" long x 25" wide	600	90

Model SU-6

6 Ft. Step-Up® Portable Mini-Scaffold

By popular demand...a taller version of Nu-Wave's Step-Up Utility Work Stand! Like all of Nu-Wave's Mini-Scaffolds, the SU-6 sets up in seconds with no assembly required. Adjusts to six working heights up to six feet. Features include "high tech" cushion rubber locking swivel INDY casters and big 600 lb. load capacity.

Prod#	Description	Load Cap	Ship Wt.
48039	6 ft. Step-Up Mini-Scaffold with 4 #PC54B-S" all brake casters 72" high x 56" long x 25" wide	600	100

INDY 5 inch All Brake Caster

Virtually the same as the high-tech INDY Casters* used on full-size scaffolds, the custom 5 inch INDY all brake casters for 4 ft., 5 ft. and 6 ft. step-up mini-scaffolds enhance both durability and safety.

Unlocked

Locked

48110	PP-2	Platform for SU-4	13
48300	PP-3	Platform for SU-5, SU-6	18

Drywall Carts

NU-WAVE
SCAFFOLDING SYSTEMS

Model PD-1 Residential Drywall Cart

This residential drywall cart has a streamline design, ergonomic handle, and is lightweight.

- 2000 lb. load capacity
- 17.25" wide x 47" high x 39.25" long

Product #	Model #	Description	Ship Wt.
49090	PD-1	Without Casters	50

Model PD-2

For most applications, this economical model is all you need to do the job. Two wheels are fixed position for straight ahead movement. Two wheels swivel for turning. Like all the other drywall carts, it's built to last with quality.

- 3,000 lb. load capacity
- 22" wide x 47" high x 43.625" long

Product #	Model #	Description	Ship Wt.
49100	PD-2	Without Casters	50

Model PD-3

The bottom tube frame on this model surrounds the entire perimeter for extra strength and durability. It may be ordered with swivel casters and optional position locks for two wheels. The compact design fits through standard doorways.

- 3,000 lb. load capacity
- 22.5" wide x 47" high x 49.75" long

Product #	Model #	Description	Ship Wt.
49170	PD-3	Without Casters	69

Model PD-4

This model features a special inset back tube frame. It provides maximum maneuverability around tight corners or through standard doorways with four swivel casters. Optional position locks keep two wheels straight when moving one direction.

- 3,000 lb. load capacity
- 25" wide x 47" high x 49.75" long

Product #	Model #	Description	Ship Wt.
49240	PD-4	Without Casters	75
