---	--	---

Section 1 – Quick Identifier – Common Name (on label)	Packaging	Product Code
Acrylic Ad Mix Bonder (2042)	1 gallon (3.8 L) bottle	000516551300

Section 2 – Recycled Content (% by weight) – LEEDS ® Recycled Content Credit 4.1:	
Total Recycled Content	0%

Section 3 – Local/Regional Materials – LEEDS ® Local/Regional Materials Credit 5.1

To determine the distance from the manufacturing facility to the job site, use the suggested Google maps (<https://www.google.com/maps/>) straight-line distance measurement calculator:

Instructions when using Google Maps on a computer web browser (recommended):

- Search the manufacturing facility address.
- Right click the red pin and select “Measure distance” from the pop-up menu.
- Search the job site address, left click on the new red pin.
- Distance found in white box on bottom of screen (in miles and kilometers).

Instructions when using Google Maps app for Android and iOS:

- Search the manufacturing facility address.
- Tap the address or name of the location that is shown at the bottom of the screen and scroll down to select “Measure distance.”
- Use your finger to slide the map and black targeting circle to the job site location, so the circle is over the site location (zoom-out/in as required).
- The direct mileage (or kilometers) total is shown at the bottom of the screen.

Manufacturing Facility Address	• 341 West Meats Avenue, Orange, CA, 92865, USA
--------------------------------	---

Section 4 – VOC Content:	
VOC content (VOC of material)	< 1 g/L
